

# VR Program Evaluation Coach

## We'll Help You Get Answers in 5 Easy Steps

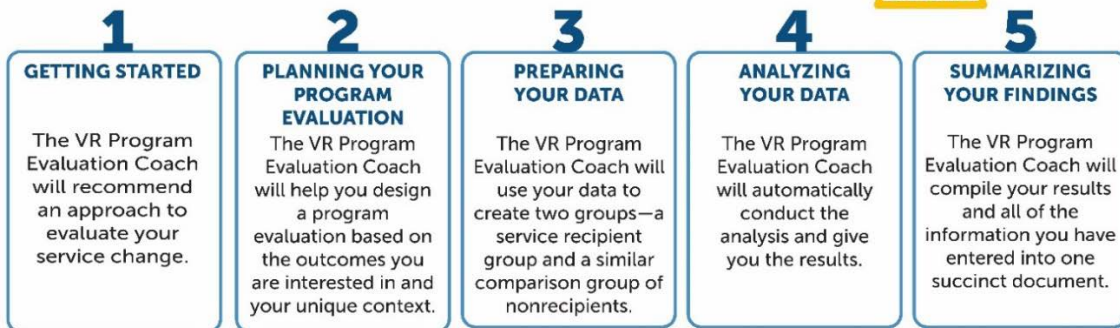

The Vocational Rehabilitation (VR) Program Evaluation Coach is a tool that guides you, step by step, through a program evaluation of policy, program, or service changes in your VR agency. You can access the VR Program Evaluation Coach today at [www.VREvalCoach.com](http://www.VREvalCoach.com).

### The VR Program Evaluation Coach can help you answer important questions such as:

- Does a new program lead to outcomes that my agency and clients want?
- Should we keep paying for a service we're already using?
- How can I set up meaningful pilots of service changes?

### The VR Program Evaluation Coach will guide you through the following steps:

## ICON DIRECTORY

### Guide

These are documents that are meant to assist you in completing your program evaluation by providing you with educational material about the evaluation process.

### Interactive Tool

These tools require you to input information relevant to your program evaluation.

### Statistical Tool

These tools analyze the data you input to determine who is in your treatment and comparison groups and whether your service is having the desired outcome.
